Will owner be here? \_\_\_\_\_ slip # \_\_\_\_\_ lock combo/key location \_\_\_\_\_

Haul-out date requested \_\_\_\_\_ other instructions \_\_\_\_\_

Note: The winter storage season is considered over on May 31. We practice "last out – first in" whenever possible, so please notify us at haul-out if you expect to be a late launch. Boats still in storage on June 1 may be moved at the owner's expense. Summer storage rates will begin on June 1. Parking lot work restrictions (painting in heavy wind, big hose spray, sanding, etc.) will be enforced to protect other boats, vehicles parked in the lot, and marina property.

I hereby authorize the work selected on the *Service & Winterizing Price Menu* (back side of this form) to be done when my boat is hauled out, and I grant permission to the marina staff to operate my boat as necessary for this purpose. I understand billing for winterizing & mechanic services will be separate from storage billing with payment due on a net 10 days basis. I have read the "regulations for dockage and storage" and will comply with all Whitehall LandingMarina regulations.
